

MARSHALL Community Volunteer Program

PROGRAM HIGHLIGHTS

For over 60 years, Marshall has been the healthcare leader in El Dorado County. Marshall is a fully accredited, acute care hospital, which has received repeated state and national recognition for quality excellence. Marshall volunteers are committed to the organizational mission, goals, and standards which support quality healthcare and services.

Community Volunteer opportunities at Marshall vary depending on organizational needs and availability of volunteer positions. Possible volunteer opportunities include:

- Driving patients to and from medical appointments
- Escorting and directing customers to appropriate department or staff member
- Health coach volunteer who visits patients in the hospital or at their home
- Delivering and picking up food menus in patient care areas
- Stocking supplies, cleaning wheelchairs, and delivering materials between departments
- Behind the scenes support such as filing, computer data entry, or phones

“Volunteering is a way to grasp the community with a helping hand. It is a great way to gain valuable life experience and make a great difference in the community.”

COMMUNITY VOLUNTEER SK
– 350 HOURS

“The best way to find yourself is to lose yourself in the service of others,” Mahatma Gandhi. “This quote resembles the beauty that volunteering at Marshall has taught me. The opportunity to serve the community in such a manner is truly extraordinary and has given me a new perspective on the sanctity of life. This impact is profound on the community and I have seen the effects of volunteering be far reaching. It is truly an inspiring calling.”

COMMUNITY VOLUNTEER HEALTH COACH LR – 275 HOURS

- Supporting special projects such as assembling binders, packets, mailing projects and design of bulletin boards
- Attending Marshall Medical Center Community sponsored events

The Community Volunteer Program welcomes individual talents and skills and works actively to place volunteers in an area that is best suited for their skill set as position availability allows. Volunteers do not perform hands on patient care.

- Community Volunteers are required to complete the following steps:
- Attend an information session, complete background check
- Complete a medical clearance
- Submit two letters of recommendation
- Complete an organizational volunteer orientation in-person and online
- Complete department specific training as appropriate
- Set a routine schedule
